

BECOME AN OUTLAW! MAKE YOUR OWN WHITE CHANCE FORTUNE T-SHIRT!

***** Adult supervision is required for this activity.**

Make your own White Chance Fortune T-shirt using the graphic provided on the previous page of this website. For this activity, you will need:

- 1) T-shirt transfer paper (available at most megamarts–be sure to get the right kind: “light” for white T-shirts)
- 2) Ink Jet Printer;
- 3) Household Iron (No steam!);
- 4) Hard smooth surface that is heat resistant (No ironing board! – unless you put a board on top);
- 5) Large cotton pillowcase;
- 6) Scissors;
- 7) A WHITE poly/cotton blend T-shirt (for best results, pre-wash T-shirt).

Use the instructions provided in your Transfer Paper Packet to print your Chance Fortune Transfer (Double-check your instructions! You may need to “flip” the graphic for the white shirt before printing).

Using scissors, trim the printed graphic as close as possible to its outer edge. Use the instructions provided in your Transfer Paper Packet to complete the process and iron on your Chance Fortune Transfer.

Congratulations! You're now part of the Outlaw team!
